

## **FORCED**

Shannon Moran

Forced to be pretty  
Forced to be skinny  
Wear make-up and be a good fuck  
They'll force you to give up

Forced into submission  
Forced into perdition  
They'll make you see what you're missing  
And show you that you're not worth fixing

Forced to have sex  
Forced to be the best  
Don't say anything you will regret  
They'll force you to be their little pet

Forced to be perfect  
Is it even worth it?  
Forced to be a whore  
Forced to say nothing more

Forced to be happy  
When all I feel is crappy  
Forced not to cry  
Forced to live a lie  
Put on a fake smile  
Pretend you're alright

Forced not to love as  
I'm forced into another meaningless fuck  
Forced to be better  
Forced not to matter

I'm tired of being forced  
And no one has remorse

Try to force me  
Try to haze me  
But you won't faze me  
Never again you're not my friend  
I swear this time is the end  
I will not be forced ever again.
