3. Straight-lined chin,
4. Those lips that cradle perfect, cubed teeth.
5. The arch of your fingers fit perfectly besides mine,
6. And the parabolas etched into the palm of your hands are
7. fascinating to trace, with the ridges of my fingertips.
8. The Music of the Spheres and celestial objects above
9. cannot contend with the melodic sine wave of your voice.
10. The diamonds in your eyes outshine
11. the brightest of stars.
